Domestic well testing for Real Estate Transactions

Please complete this form for all real estate transactions involving a well that supplies groundwater for domestic use. Send this form to Oregon Health Authority and include a copy of the test results for ARSENIC, COLIFORM BACTERIA and NITRATE. The information will improve knowledge of Oregon’s groundwater and help protect the health of people who rely on private domestic wells (OAR 333-061-0305). Spring wells, wells on undeveloped lots, and wells used for irrigation only are exempt from testing rules.
